## Buildbase boys battle hard at Snetterton

The Buildbase Kawasaki riders battled hard through a tough weekend at Snetterton circuit.

John Laverty, looking to maintain his top six championship position, entered the 3 race weekend in a confident frame of mind. A strong qualifying performance put John into qualifying 3 and 10<sup>th</sup> place. Race 1 on Saturday evening saw John battling with a freight train of riders for a top seven placing; however a few setup problems forced John to bring the bike home in 12<sup>th</sup> place. Race 2 and with a lot of hard work done throughout the night by the team John was again involved in a 5 rider battle taking 10<sup>th</sup> place.

Unfortunately this was not the desired position but John was much happier with the setting and positive about race 3, as were the team who were certain of an improved result. John rose to the challenge with a fine ride coming home in 5<sup>th</sup> place and maintaining the all important 6<sup>th</sup> place in the series.

Adam Jenkinson came to Snetterton hoping to regain his early season form after difficult rounds at Mallory Park and Knockhill. In race 1 Adam started in 21<sup>st</sup> due to the Knockhill re-run but went on to set his fastest lap of the weekend and 19<sup>th</sup> position. In

race 2 Adam was pushing hard, but sadly a small crash at the Esses bought his race to a premature end. Race 3 and a solid performance saw Adam bring his machine home in 16<sup>th</sup> place. With this race under his belt Adam will look to build upon these results at Brands Hatch and strive towards top ten results.

### Superstock

Barry Burrell was looking to move forward with his strong run of form in the Superstock 1000 series. Barry made an excellent start only for his race to be ended at the first corner when two unpiloted bikes hit Barry forcing him to crash out of the race. Lee Jackson made a great start before the red flags were brought out following the aforementioned crash. The restart saw Lee make a slower start and had to battle his way through to take 14<sup>th</sup> at the finish.

Matt Bilton took two strong finishes with 9<sup>th</sup> and 14<sup>th</sup> place in Superstock 600. Matt will now focus on Brands Hatch where he hopes to move higher up in the standings from his current 4<sup>th</sup> place.
